

THE 24th INTERNATIONAL CONFERENCE ON NUCLEAR TRACKS IN SOLIDS

Bologna, Italy, September 1-5, 2008

Bologna, August 1, 2008

Second Bullettin

THE VENUE

The 24th ICNTS will be held at the Complesso Universitario Belmeloro, via Belmeloro 14, (Building A, 1st floor, rooms B, C, D).

The venue can be easily reached from the train station (~ 2 km) or from Piazza Maggiore (the city center, ~ 1 km) .

LEGENDA

A: Train Station

B: Conference Venue, v. Belmeloro, 14

C: Piazza Maggiore

D: Physics Department, via Irnerio 46

THE 24th INTERNATIONAL CONFERENCE ON NUCLEAR TRACKS IN SOLIDS

Bologna, Italy, September 1-5, 2008

How-to-get-there's

Bologna public transportation is by taxi or bus (ATC). Bus tickets can be purchased at ATC vending machines, newspaper kiosks, or "Tabacchi" shops. A simple ticket fare is 1€, valid 60 min after stamp.

So called "City-pass" equivalent to 10 simple tickets (8.50 €) are also available.

On some busses there are automatic vending machines onboard for 1 euro coins.

Please check the local bus transportation (ATC) interactive page for details about the schedules and maps <http://www.atc.bo.it/english/index.asp>

How to reach the town Centre from Bologna International Airport (BLQ)

From Bologna International Airport a bus runs every 20 min to the centre of the town until 11:40 pm. Last stop is in the Railway Station square - Price 5 €. The ticket can be purchased from automatic vending machines at the bus stop or from the driver.

http://www.atc.bo.it/CMS_Software/XMLEngine.asp?p=0661684224

From Railway station to the Conference Venue, via Belmeloro 14

20 min walking, Bus No 32, 36 or shuttle C

From Railway Station to the Physics Department, via Irnerio, 46

15 minutes walking, Bus no. 36 or 37

Registration:

Registration will start on Sunday, August 31st at the Physics Department, via Irnerio, 46, from 4.30 pm.

On September 1st the registration area will be at the Conference Venue, via Belmeloro 14, Building "A", 1st floor, starting at 9.30 am.

Computer Connection

Wireless LAN will be available in the open areas and in the conference rooms.

No LAN cards will be provided.

People desiring to have WiFi-net connection during the conference MUST send in advance at the [Conference Secretariat](#)

1) the laptop wireless MAC Address

2) a photocopy of the passport.

At registration they will receive a personal username/password for the WiFi access to the net

The availability of PC for general access is NOT foreseen.

THE 24th INTERNATIONAL CONFERENCE ON NUCLEAR TRACKS IN SOLIDS

Bologna, Italy, September 1-5, 2008

Italian Electric Appliance

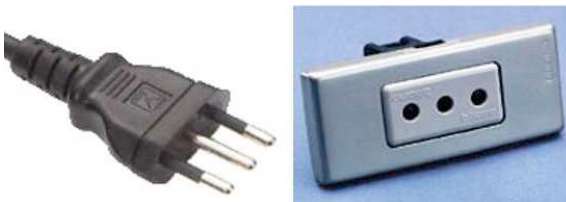

220 VAC 50Hz

Schuko plug/socket

European (2-pin) plug/socket

Italian (3-pin) plug/socket

Social Programme

The organizers shall welcome all participants at the “Welcome Party”, on Monday September 1st, at 7 pm.

On September 3rd all participants can enjoy a guided tour of Bologna, starting at 11.30 am.

On September 4th we shall have the Conference Dinner at the “I Portici” restaurant, via Indipendenza 69.

Accompanying Persons will have a chance to get a closer feeling of the Bologna atmosphere with the half-day city tour on September 2nd.

THE 24th INTERNATIONAL CONFERENCE ON NUCLEAR TRACKS IN SOLIDS

Bologna, Italy, September 1-5, 2008

The Conference Programme

The Programme is organized in **Plenary**, **Parallel** and **Poster Sessions**

Plenary Sessions include invited Lectures on “traditional” Conference Topics, as well as talks involving other visual techniques like nuclear emulsions and bubble detectors. A couple of “Refresher Lectures” addressed to young people are also planned.

An open public Lecture on “The Energy Problem” by Prof. Giorgio Giacomelli will be given on September 2nd.

Oral Contributions are organized in 3 Parallel Sessions in order to fit in the programme all accepted oral presentation.

Two Poster Sessions are foreseen on Tuesday, September 2nd and Thursday, September 4th.

More information concerning the plenary, oral and poster session’s organization will be made available through the Conference website pages. Please keep checking it for continuous updating.

Last minute changes to the programme will be announced day-by-day during the Conference.

Topic List

- Topic 1 : Particle and Nuclear Physics
- Topic 2 : High Energy Interactions and Cosmic Rays
- Topic 3 : Radiation Environment Monitoring
- Topic 4 : Neutron Dosimetry
- Topic 5 : Medical Applications
- Topic 6 : Radiation Induced Damage
- Topic 7 : Earth and Planetary Sciences and Dating
- Topic 8 : Nano and Microstructure Technology
- Topic 9 : Methods and Instrumentation
